

VERY GOOD results from ETM TESTMAGAZIN

Ulm, 30 December 2019 – In special tests, the ETM TESTMAGAZIN rated the MG 135 Shiatsu massage cushion, the GS 340 XXL glass bathroom scale and the OT 30 ovulation thermometer from Beurer as "SEHR GUT" (VERY GOOD).

MG 135 massage cushion

Under the title "So lindern Sie Muskelverspannungen – ohne das Haus zu verlassen" (How to relieve muscle tension – without leaving the house), ETM TESTMAGAZIN scrutinised the Beurer massage cushion with optional light and heat function. The universal cushion shape enables versatile use on the shoulders, neck, back and legs. The four Shiatsu massage heads (which rotate in pairs) ensure that the massage is particularly effective. Furthermore, ETM highlights the removable and washable cover made of linen. The natural material transfers a soothing heat that does not get trapped between the textile and body. This means that the product can be used at any time of year. With 92.2 percent, the testers gave the product their test rating of "SEHR GUT" (VERY GOOD).

GS 340 XXL glass bathroom scale

In the special test "Moderne Körperwaage – messgenau bis 200 Kilogramm" (State-of-the-art personal scale – accurate measurement up to 200 kilogrammes), the Beurer GS 340 XXL glass bathroom scale also received the rating "SEHR GUT" (VERY GOOD) with 92.4 percent. In addition to the extra-large weight capacity of up to 200 kg, the extra-large digits of 66 mm and the extra-large standing surface of 35 x 30 cm, the XXL scale also has a handy tare weighing function that is ideal for weighing babies, animals or luggage. ETM TESTMAGAZIN also highlights this weighing method that is carried out fully automatically and without having to press any more buttons. Additional features that were rated positively in the test are the automatic switch-off and the simple switch-on thanks to the Quick Start function. You can read the [test report](#) on the ETM TESTMAGAZIN website.

OT 30 ovulation thermometer

"Natürliche Familienplanung – So ermitteln Sie die idealen Empfängniszeiten" (Natural family planning – how to find when is ideal for conception): ETM TESTMAGAZIN presents their detailed [test report](#) on the OT 30 under this title. The ovulation thermometer is a natural method for cycle tracking and targeted family planning. In combination with the cycle app from Ovy, you can easily find out on which days you are fertile and on which days you are not. Measurement can be carried out orally as well as vaginally thanks to the flexible measuring tip. However, the testers found that measurement in a closed mouth was particularly comfortable. The testers also praised the 30 internal memory spaces, high measurement accuracy, recommended duration of measurement in accordance with the symptothermal method (Sensiplan) and the flexibility of the measuring tip (which bends by up to 90°). The ETM TESTMAGAZIN gives a test rating of "SEHR GUT" (VERY GOOD) with a score of 92.7 percent.

About Beurer

Beurer was founded in 1919 in Ulm and is synonymous with health and well-being. Today the long-standing company leads the way in several product fields in this segment; the company is the market leader in Europe in the area of flexible heating and the market leader in Germany for blood pressure monitors and massage products. Beurer is also one of the leading European suppliers of personal scales. This portfolio is constantly being developed further in all areas and offers products for use at home. It includes personal scales, kitchen scales, luggage scales, air cleaners, air dehumidifiers, air washers, thermo hygrometers, aroma diffusers, blood pressure monitors, blood glucose monitors, mobile ECG devices, hearing amplifiers, pulse oximeters, nebulisers, clinical thermometers, a sleep sensor, wake-up lights, a snore stopper, brightlights, infrared lamps, TENS/EMS devices, massage products (foot massage, Shiatsu massage, massage chairs, massage cushions, fasciae massage, compression leg therapy), a relaxing aid, hair removal devices (classic, IPL, laser), FaceCare and HairCare products, a cellulite releaZer, cosmetics mirrors, manicure/pedicure sets, a BabyCare line, basal thermometers, activity sensors, an activity watch and heart rate monitors. USB ports and *Bluetooth*® enable an increasing number of Connect products to connect to the growing Beurer app world and/or software. The family-run company operates a global distribution network in more than 100 countries and currently has a workforce of around 1000. Further information is available at www.beurer.com.
