

Hair-free and happy: LadyRange SatinSkin for silky smooth skin

Ulm, 2 September 2022 – With the new LadyRange SatinSkin from Beurer, consisting of the HL 16 Facial Hair Remover, the HL 36 Shaver and the HL 76 Epilator, everyone can find their preferred method of hair removal. The devices ensure silky smooth, supple skin and radiantly beautiful results. The new design will make your beauty routine even more fun and the handy features make it easy to use. Beurer will be presenting the LadyRange SatinSkin at its trade fair stand at this year's IFA in Berlin.

HL 16: For a radiant complexion

The Beurer HL 16 Facial Hair Remover can be used to deal with bothersome facial hair gently and painlessly. The device has two attachments: the shaver attachment can be used flat on the upper lip, chin or cheeks, for example, while the precision attachment is ideal for removing nose and ear hair and for shaping eyebrows. The extra-bright LED light will ensure that even the finest hairs don't get missed. The HL 16 is easy to use with a compact, discreet design. The device can be stored in any handbag or cosmetics bag, which means you can have it to hand wherever you are.

HL 36: no more stubble and the like!

The new Beurer HL 36 Shaver helps you to put your best foot forward. The moving shaver head adapts seamlessly to the contours of your body, meaning it can be used for hair removal all over. The hypoallergenic shaving foil prevents skin irritation. The shaver comes with an exfoliation attachment, two trimmer attachments (4 mm/8 mm) designed especially for the bikini area, and a glider attachment to be gentle on skin when shaving sensitive areas. The device is very easy to use, thanks to its extra-bright LED light and practical non-slip handle. A powerful lithium-ion battery ensures a shaving time of 60 minutes. The charging time is 90 minutes. As the shaver is water-resistant, it can also conveniently be used in the shower or bath. The HL 36 features two speed settings, a travel lock and a battery level indicator.

HL 76: silky smooth skin for weeks

The HL 76 Epilator completes the Beurer LadyRange and promises smooth skin for weeks at a time. Epilation is ideal for those who want to be hair-free for long periods. Many users feel that using the waterproof epilator in the shower or bath is more comfortable, as hair is pulled out more easily when wet. The wide, flexible epilator head with 42 tweezers and the extra-bright LED light enable quick and thorough use. A precision attachment can be attached to the epilator attachment for hair removal in particularly sensitive areas. The HL 76 can also be used for shaving and trimming.

The LadyRange SatinSkin also features in the [new image video](#).

Beurer is presenting new products across various product areas at IFA 2022. All highlights can be seen from **2 to 6 September 2022** in **Hall 4.1, Stand 212**.

About Beurer

Beurer was founded in 1919 in Ulm and is synonymous with health and well-being. Today, the long-standing company leads the way in several product fields in this segment; the company is a market leader in Europe in the area of flexible heating and a market leader in Germany for blood pressure monitors and massage products. Beurer is also one of the leading suppliers of personal bathroom scales in Europe. This portfolio, which is under constant development in all areas, offers products for use in the home. It includes: heating products, personal bathroom scales, kitchen scales, luggage scales, air purifiers, air humidifiers, air washers, a sea air simulator, fans, thermo hygrometers, aroma diffusers, blood pressure monitors, blood glucose monitors, a resuscitation aid, mobile ECG devices, hearing amplifiers, pulse oximeters, nebulisers, clinical thermometers, insect bite healers, wake up lights, daylight therapy lamps, infrared lamps, TENS/EMS devices, massage products (foot massage, Shiatsu massage, massage chairs, massage cushions, fascia massage, leg compression massager), relaxation aids, hair removal devices (classic, IPL), FaceCare and HairCare products, a cellulite releaZer, cosmetics mirrors, manicure/pedicure sets, beard and body care products for men, a BabyCare line, an ovulation thermometer, a fertility set, activity sensors and heart rate monitors. USB ports and *Bluetooth*[®] make it possible for a growing number of Connect products to be connected to the expanding Beurer app world and/or software. The family-run company operates a global distribution network in more than 100 countries and currently has a workforce of around 1,700 people. You can find more information at www.beurer.com.
