Deutsche Hochdruckliga (German Hypertension Society) certifies “beurer HealthManager Pro” app

Ulm, November 27, 2024 – The “beurer HealthManager Pro” health monitoring app has been officially certified as a digital health assistant by the Deutsche Hochdruckliga (German Hypertension Society). The app is one of only four apps to receive this certification in the apps tested for people with hypertension category. This distinction demonstrates Beurer’s leading position in the field of digital health solutions.

The app “beurer HealthManager Pro” promotes modern health management and combines health parameters such as blood glucose, blood pressure, weight, oxygen saturation, activity and temperature in an innovative platform. The specially developed app enables users to keep an eye on their health values any time and anywhere. Thanks to its easy-to-use and TÜV-certified data security, the system offers a reliable basis for an independent lifestyle and a deep insight into your health data.

Depending on the product, the measured health data is transferred to the app via *Bluetooth*[®], Scan & Save or USB cable. All health data is clearly displayed there – from progress graphs to measurement tables. It is available as a free solution for PC, iOS and Android and also offers a web version.

Advantages of the app “beurer HealthManager Pro” at a glance:

- **Medical device:**
Complies with European directives and provides detailed measurement values.
- **Always available:**
Measurements and progress graphs can be viewed anywhere and at any time.
- **User-friendly:**
Modern design and intuitive operation.
- **Accessible:** Usable by all and easy to understand.
- **Export function:** Quick and easy transfer to doctors.

The Deutsche Hochdruckliga (German Hypertension Society) is a renowned specialist association dedicated to the research, prevention and treatment of high blood pressure. Their certification is a seal of quality and medical effectiveness.

About Beurer

Beurer was founded in 1919 in Ulm and is synonymous with health and well-being. Today, the family-run company leads the way in several areas of this segment. Originally a manufacturer of heat pads and heated underblankets, the company has grown into a full-range supplier offering more than 500 products. Beurer offers various products for use at home in the categories of health, wellbeing, beauty, personal care, home, fitness and baby, including blood pressure and blood glucose monitors, clinical thermometers, pulse oximeters, nebulisers, hearing amplifiers, daylight therapy lamps, insect bite healers, a mobile ECG device and an emergency wristband, as well as products for pain therapy and women's health. The range also covers the areas of flexible heating, weight & diagnosis, air & aroma, massage & shiatsu and sleep & rest. What's more, Beurer offers various beauty products in the categories of FaceCare, BodyCare, HairCare, hair removal, manicure & pedicure, as well as a men's grooming range and electric toothbrushes in the personal care category. The company offers a range of fitness products in its Antelope by beurer and Physioline product groups, along with numerous abdominal muscle trainers. The baby category contains special products adapted to the needs of children, babies and their parents. With its "Connect" product group, the health specialist offers a wide range of apps that can be combined with Beurer products and make everyday life easier. Around 1,700 employees worldwide and a global distribution network spanning more than 100 countries ensure the company's ever-growing success. You can find more information at www.beurer.com.
